The image shows a web form for identity verification. At the top, there is a circular profile picture placeholder with the text '支持上传5M以下的png、jpg、jpeg格式的图片' (Support uploading images in png, jpg, jpeg format below 5M). Below this are two tabs: '我是学生' (I am a student) and '我是教师' (I am a teacher). The '我是学生' tab is selected and highlighted with a red box. The form contains several input fields: '姓名:' (Name), '性别:' (Gender) with radio buttons for '男' (Male) and '女' (Female), '学校:' (School), '专业:' (Major), and '入校年份:' (Enrollment year) with a dropdown menu. A blue '保存' (Save) button is located at the bottom right.

The image shows a modal dialog box titled '验证学号进行学生身份认证' (Verify student ID for student identity authentication). It includes a subtitle: '姓名、学校、学号和系统信息完全匹配时，方可认证成功' (Only when name, school, student ID, and system information are completely matched, can the authentication be successful). There is a '返回修改' (Return to modify) link in the top right. The form inside the dialog has fields for '姓名:' (Name) with the value '何', '学校:' (School) with the value '六', and a required field for '学号:' (Student ID) with the placeholder '请输入学号' (Please enter student ID). At the bottom of the dialog are two buttons: '跳过' (Skip) and '立即认证' (Authenticate immediately). The background shows a blurred version of the identity verification form from the previous image.
